

# What would you **improve** in your hospital?

✓ **You Can Have It All!**

Cord Caddy (below) provides safe, simple and efficient cord management.

Every shift without **Cord Caddy™**

With Cord Caddy monitor cord management system, you will:

- ✓ Speed patient assessment and treatment
- ✓ Save hundreds of hours of nurses' time
- ✓ Protect patients and staff by reducing risk of falls
- ✓ Access and move equipment faster and easier
- ✓ Improve infection control by keeping cords clean
- ✓ Dramatically improve patient room appearance
- ✓ Increase staff satisfaction and retention

**Plus...Cord Caddy pays for itself by reducing cord replacements costs.**

Cord Caddy™ cord management system helps you release the hours – and dollars – your hospital has tied up in inefficient cable hooks. Remember: Every shift without Cord Caddy costs you more!

**Cord Caddy: Simple. Affordable. Proven.**

Call us today for a complimentary consultation and ROI guide.

**Trusted by healthcare facilities for more than 15 years**
